

A person wearing an orange and black STIHL safety suit and helmet stands on a mossy log in a dense forest. They are holding a chainsaw. The background shows a misty valley with rolling hills under a soft, golden light, suggesting sunrise or sunset. The scene is framed by the branches of evergreen trees.

MS 162 CHAINSAW

The MS 162 is a lightweight, entry-level gasoline chainsaw designed for homeowners and DIYers. Featuring a powerful 30.1cc engine that produces 1.6bhp, its 16-inch bar is ideal for limbing and property management. Weighing approximately 9.9lbs, it is designed for comfortable extended use.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	29.5cm ³
Power Output:	1.6hp
Weight:	4.5kg
Bar Length:	16"
Saw Chain Pitch:	3/8"PM
C/W:	12"/14"/16" Guidebar & Chain

MS 182 CHAINSAW

The MS 182 is a powerful, easy-to-use homeowner chainsaw that gives you performance you can depend on. Featuring a Master Control Lever™ and an anti-vibration system, the MS 182 is designed to reduce fatigue while offering more control and manoeuvrability, making it the ideal tool for cutting, limbing, and felling (woodcutting) tasks around the home.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	36cm ³
Power Output:	2.2hp
Weight:	4.5kg
Bar Length:	14"/16"
Saw Chain Pitch:	3/8"PM
C/W:	14"/16" Guidebar & Chain

MS 194 T CHAINSAW

The STIHL MS 194 T is a compact, professional-grade arborist chainsaw designed for in-tree services. It offers an excellent power-to-weight ratio, efficient low-emission engine for fuel economy, and a one-touch stop for easy restarts. Priced affordably, this dependable chainsaw also features a diagnostic port for convenient servicing.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	31.8cm ³
Power Output:	1.9hp
Weight:	3.3kg
Bar Length:	14"
Saw Chain Pitch:	3/8"PM
C/W:	14" Guidebar & Chain

MS 250 CHAINSAW

The STIHL MS 250 is a popular, reliable chainsaw with a 45.4cc engine and excellent power-to-weight ratio. Its ergonomic design makes it easy to use for tough tasks like cutting, clearing, cleanup branches, and felling small trees.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	45.4cm ³
Power Output:	3.0hp
Weight:	4.6kg
Bar Length:	16" - 18"
Saw Chain Pitch:	3/8"PM
C/W:	16"/18" Guidebar & Chain

MS 310 CHAINSAW

Efficiently harvest wood in medium-density stands with the STIHL MS 310 Chainsaw. Its anti-vibration system, side-mounted chain tensioner, decompression valve, and tool-free fuel caps make it easy to use and maintain.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	59.0cm ³
Power Output:	4.3hp
Weight:	5.9kg
Bar Length:	20" - 25"
Saw Chain Pitch:	3/8"RM
C/W:	20"/25" Guidebar & Chain

MS 382 CHAINSAW

Cut through slender to medium-sized trees with ease using the STIHL MS 382 Chainsaw. Its powerful engine, comfortable grip, and reliable performance make it ideal for forestry, agriculture, and estate management.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	72.2cm ³
Power Output:	5.1hp
Weight:	6.2kg
Bar Length:	20" - 25"
Saw Chain Pitch:	3/8"RM
C/W:	20"/25" Guidebar & Chain

MS 462 CHAINSAW

The STIHL MS 462 is a lightweight, professional-grade gas-powered chainsaw designed for power and control. It features an adjustable carburetor, anti-vibration system for reduced fatigue, and a unique bumper design for better handling during felling and bucking.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	72.2cm ³
Power Output:	5.9hp
Weight:	6.0kg
Bar Length:	25" - 30"
Saw Chain Pitch:	3/8"RM
C/W:	25"/30" Guidebar & Chain

MS 661 CHAINSAW

The STIHL MS 661 C-M is a professional-grade, fuel-efficient chainsaw designed for felling large trees. It features an impressive power-to-weight ratio, STIHL M-Tronic™ engine management, reduced vibration, and 20% greater fuel efficiency. It also includes a long-life HD-2 filter system, ElastoStart™ handle, and adjustable oiler.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	91.1cm ³
Power Output:	7.2hp
Weight:	7.4kg
Bar Length:	30" - 36"
Saw Chain Pitch:	3/8"RM
C/W:	30"/36" Guidebar & Chain

GASOLINE POLE PRUNERS

HT 105 POLE PRUNER

The STIHL HT 105 pole pruner is a lightweight, low-maintenance, and environmentally responsible tool for professionals and homeowners. It features a square telescoping shaft for easy height adjustment, precise cutting, and reducing fatigue. The HT 105 also includes a semi-automatic choke, one-touch stop, no-slip grip, and a 1/4" STIHL PICCO TM 71™ PM3 saw chain, making it ideal for pruning, storm cleanup, and general tree maintenance.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	31.4cm ³
Power Output:	1.4hp
Weight:	7.9kg
Telescopic Shaft:	16'
Saw Chain Pitch:	1/4"PM3
C/W:	12" Guidebar & Chain

BATTERY-POWERED CHAINSAWS

MSA 120 CHAINSAW

The STIHL MSA 120 is a lightweight, low-vibration, battery-powered chainsaw, perfect for storm cleanup and limb removal. It features quick chain adjustment, a STIHL Quickstop Plus chain brake, and a specialized 1/4" STIHL Picco saw chain for smooth cuts. You can make up to 100 cuts on 4" diameter wood per charge.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AK System
Voltage:	36V
Weight w/o Battery:	2.5kg
Saw Chain Pitch:	1/4"PM3
Working Time:	50min
Battery Ranges:	150cuts

MSA 160 CHAINSAW

The STIHL MSA 160 is a durable, zero-emission battery chainsaw ideal for storm cleanup and carpentry. It boasts enhanced cutting with its Light O1 guidebar and 1/4" PM3 chain, plus user-friendly features like an easy-start trigger, Quick Chain Adjuster, and translucent oil tank.

TECHNICAL DETAILS

Power Source:	Battery

Voltage:	36V
Weight w/o Battery:	3.1kg
Saw Chain Pitch:	1/4"PM3
Working Time:	62min
Battery Ranges:	180cuts

GTA 26 GARDEN SHEARS

The STIHL GTA 26 is a versatile, high-performance, compact battery-powered garden pruner. It offers precise cutting with a 4" guidebar, comfortable use via rubber grips, and easy, toolless maintenance. The set includes a battery, charger, multi-oil, and transport bag, providing everything needed for diverse landscaping tasks.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AS System
Voltage:	10.8V
Weight:	1.2kg
Guidebar Length:	4"
Working Time:	25min
Chain Speed:	26.3 ft./s

ASA 20.0 SECATEURS

The lightweight ASA 20 battery-powered secateurs are designed for effortless pruning work around your garden. Powered by an AS 2 lithium-ion battery, these blades can be set to two different opening widths and will efficiently cut through green material up to 25mm in diameter. This tool allows you to complete jobs much faster than standard manual secateurs and with reduced wrist strain. On a full charge, the ASA 20 can make a maximum of 2,000 cuts.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AS System
Voltage:	12V
Weight w/o Battery:	0.8kg
Max Blade Opening Width:	25mm
Working Time:	70min
Battery Ranges:	2,000cuts

BATTERY-POWERED POLE PRUNERS

HTA 86 POLE PRUNER

The STIHL HTA 86 cordless pole pruner is a quiet and powerful tool for trimming branches. Its lightweight design and lithium-ion battery provide efficient and eco-friendly performance.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AP System
Voltage:	36V
Weight:	6.2kg
Saw Chain Pitch:	1/4"PM3
Working Time:	Up to 46min
Overall Length:	8.2' - 12.8'

FS 38 BRUSHCUTTER

The FS 38 is a lightweight, reliable, and cost-effective string trimmer, perfect for homeowners. Its powerful output, 15" cutting width, and high cutting speeds make quick work of trimming tasks. With optimized balance, an ergonomic loop handle, curved shaft, and low vibration, it offers exceptional handling and manoeuvrability around obstacles.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	27.2cm ³
Power Output:	1.0hp
Weight:	4.2kg
Cutting Tool:	AutoCut C 6-2
Usage:	Around and between obstacles, walls, fences and physical structures

FS 55 BRUSHCUTTER

The STIHL FS 55 is a reliable and affordable petrol trimmer. Its powerful engine, easy-start technology, and comfortable handle make it perfect for various trimming tasks.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	27.2cm ³
Power Output:	1.0hp

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	27.2cm ³
Power Output:	1.07hp
Fuel Capacity:	1.05L
Weight:	5.5kg
Max Air Velocity:	67m/s
Air Volume At Nozzle:	400cfm

BR 600 BACKPACK BLOWER

The BR 600 backpack blower offers professional-grade power, fuel efficiency, and durability with low exhaust emissions. Its user-friendly design, featuring a simplified starting procedure, 4-point anti-vibration system, and three-position adjustable blower tube, makes it ideal for heavy-duty cleanup in any environment.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	64.8cm ³
Power Output:	3.8hp
Fuel Capacity:	1.4L
Weight:	9.8kg
Max Air Velocity:	106m/s
Air Volume At Nozzle:	677cfm

BATTERY-POWERED BLOWERS

BGA 30 BLOWER

The STIHL BGA 30 is a compact and lightweight battery-powered handheld blower, perfect for clearing residential areas. Easy to handle, this blower quickly and efficiently converts from a short to long blower tube, depending on your task. A variable trigger allows you to control the blowing force, extending the working time of the AS 2 battery. When used at maximum power the BGA 30 will have a working time of 8 minutes. When used at a lower power, it will have a working time of 25 minutes.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AS System
Voltage:	11V
Weight:	1.5kg
Max Air Velocity:	43m/s
Area:	Up to 150m ²
Max Working Time:	25mins

BGA 50 BLOWER

The BGA 50 battery-powered blower is the perfect tool for clearing leaves and all types of debris in medium-sized gardens. A variable trigger means you can control the power output allowing you to extend the battery working time. When used at a lower power, it will have a working time of 115 minutes.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AS System
Voltage:	36V
Weight:	2.2kg
Max Air Velocity:	55m/s
Area:	Up to 760m ²
Max Working Time:	115mins

BGE 61 BLOWER

The STIHL BGE 61 is an easy-to-use, powerful electric handheld blower, perfect for home yard cleanup. Its quiet, compact, and zero-emission design ensures efficient clearing of leaves and grass clippings, even including a convenient cord retainer.

TECHNICAL DETAILS

Power Source:	Electric
Voltage:	120V/60Hz
Power Consumption:	1.1kW
Weight:	3.0kg
Max Air Velocity:	70m/s
Air Volume At Nozzle:	285cfm

BATTERY-POWERED HANDHELD VACUUM

SEA 20 HANDHELD VACUUM

The STIHL SEA 20 handheld vacuum brings powerful, battery-powered cleaning to your home. This lightweight, quiet vacuum easily manoeuvres in tight spaces. It includes various attachments and a hose extender for hard-to-reach areas. Featuring a two-stage filter and sealing flap for dust containment, the STIHL SEA 20 also has a removable container for easy emptying and comes with a carrying bag for accessories and a hanging slot for convenient storage.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AS System
Voltage:	10.8V
Weight:	1.1kg
Suction:	80mbar
Air Flow:	36cfm
Container Capacity:	0.2gal

ELECTRIC WET/DRY VACUUM

SE 33 WET/DRY VACUUM

The STIHL SE 33 is a compact, lightweight, entry-level wet/dry vacuum offering excellent performance at a great value. Perfect for shop and home, it handles various cleaning tasks, features a blower function, and offers convenient accessory storage.

TECHNICAL DETAILS

Power Source:	Electric
Voltage:	120V/60Hz
Motor Output:	8.3amps
Weight:	5.3kg
Suction:	84" H ² O
Air Flow:	127cfm
Container Capacity:	3.2gal
Suction Hose Length:	6.6'
Power Cord Length:	13.1'

SE 62 WET/DRY VACUUM

The STIHL SE 62 is a compact, rugged, and quiet wet/dry vacuum, delivering powerful suction for exceptional cleaning at home or in the workshop. It features a large container capacity, a built-in filter cleaning system for its long-lasting pleated filter, and convenient onboard storage for its three cleanup tools. With its long hose, it offers extended reach and durability for heavy-duty tasks.

TECHNICAL DETAILS

Power Source:	Electric
Voltage:	120V/ 60Hz
Motor Output:	8.3amps
Weight:	7.5kg
Suction:	84" H ² O
Air Flow:	127cfm
Container Capacity:	5.2gal
Suction Hose Length:	6.6'
Power Cord Length:	16.4'

GASOLINE PRESSURE WASHERS

RB 200 PRESSURE WASHER

The STIHL RB 200 pressure washer offers convenient and powerful cleaning for your home and garden. Its 190cc engine delivers 2,500psi to tackle tough jobs like cleaning sidewalks, driveways, and decks. Featuring an easy-start pump system and a detergent injector system, it's simple to use.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	190cm ³
Power Output:	11.87hp
Fuel Capacity:	1L
Weight:	24.2kg
Max Pressure:	2,500psi
Water Flow:	2.3gpm
Hose Length:	25'

RB 400 PRESSURE WASHER

The STIHL RB 400 is a high-performance, durable pressure washer for demanding daily cleaning. Built with brass manifold pump, stainless steel valves, and ceramic-coated pistons, it ensures longevity. Features like an easy-start pump, detergent injector system, and a 25 feet no-kink flex hose enhance convenience.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	196cm ³
Power Output:	6.5hp
Fuel Capacity:	3.4L
Weight:	40.8kg
Max Pressure:	2,700psi
Water Flow:	2.3gpm
Hose Length:	25'

GASOLINE PRESSURE WASHERS

RB 600 PRESSURE WASHER

The STIHL RB 600 pressure washer delivers powerful pressure for professional cleaning. Its commercial-grade Triplex pump ensures durability, while the easy-start system eliminates difficult pull-starts. Designed for handling heavy-duty projects with ease.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	208cm ³
Power Output:	7hp
Fuel Capacity:	4L
Weight:	53.5kg
Max Pressure:	3,200psi
Water Flow:	3gpm
Hose Length:	40'

RB 800 PRESSURE WASHER

The STIHL RB 800 is a powerful, industrial-grade pressure washer designed for extensive professional use. As the most impressive in the STIHL lineup, its 429cc engine delivers powerful pressure to effortlessly tackle the toughest cleaning jobs. Built for heavy daily use, it features an easy-start pump system for convenient, no-back-pressure starts.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	429cm ³
Power Output:	14hp
Fuel Capacity:	7L
Weight:	76.2kg
Max Pressure:	4,200psi
Water Flow:	4gpm
Hose Length:	50'

BATTERY-POWERED PRESSURE WASHERS

REA 60 PRESSURE WASHER

The STIHL REA 60 battery-powered pressure washer is a true powerhouse, offering effortless pressure control for adaptable cleaning. With a continuous working pressure of 1,500psi and a maximum of 1,900psi, it tackles tough jobs with lightweight durability. Its weather-resistant design, 3-in-1 nozzle, hose reel, and built-in detergent hose ensure easy use and compact storage.

TECHNICAL DETAILS

Power source:	Battery
Battery System:	AK System
Voltage:	36V
Weight:	5.9kg
Max Pressure:	1,800psi
Water Flow:	1gpm
Hose Length:	16'

REA 100 PRESSURE WASHER

The STIHL REA 100 is a versatile, battery-powered pressure washer delivering professional-grade performance with an operating pressure of 125bar and a 45-minute runtime on a single charge. Designed for ultimate portability, it can draw water from containers via a suction hose, making it ideal for remote locations like camp sites or farms where power and water connections are unavailable.

TECHNICAL DETAILS

Power source:	Battery
Battery System:	AK System
Voltage:	36V
Weight:	6.7kg
Max Pressure:	2,100psi
Water Flow:	1gpm
Hose Length:	16'

BATTERY-POWERED PRESSURE WASHERS

RCA 20 PRESSURE WASHER

The STIHL RCA 20 is a compact, battery-powered cleaner designed for versatile light-duty tasks, featuring a 4-in-1 nozzle and an ECO mode to optimize battery life for delicate applications. Its ability to draw water from various sources via a siphon hose and water bag, combined with its lightweight design and included storage bag, makes it a highly portable solution for both home maintenance and travel.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AS System
Voltage:	11V
Weight:	1.3kg
Max Pressure:	3,500psi
Water Flow:	1gpm
Max. Water Throughput:	230L/h

RE 80X PRESSURE WASHER

The STIHL RE 80 X electric high-pressure cleaner is a lightweight entry-level power tool that can be carried easily to the relevant location thanks to its compact design and sturdy handle. Tackle domestic tasks around the home quickly and efficiently with the STIHL RE 80 X. It is ideal, for example, for cleaning terraces and steps or your garden furniture. Its low weight makes the STIHL RE 80 X extremely manoeuvrable.

TECHNICAL DETAILS

Power Source:	Electric
Voltage:	110V / 60Hz
Power Consumption:	1.8kW
Motor:	AC Brushless
Motor Output:	12.5A
Weight:	7.5kg
Max Pressure:	1,740psi / 120bar
Water Flow:	1.2gpm
High-Pressure Hose Length:	5m / 16.4'
Power Cord Length:	16'

RE 90 PRESSURE WASHER

The STIHL RE 90 electric pressure washer makes outdoor cleanup easy. Delivering a working pressure of 1,800psi, it quickly cleans decks, driveways, and more. Equipped with adjustable flat-jet and rotary nozzles, coupled with a detergent sprayer. Its 1.3kW motor maximizes efficiency, and the 19' hose provides ample reach. Lightweight and compact, it's easy to move and store, with optional accessories for added versatility.

TECHNICAL DETAILS

Power Source:	Electric
Voltage:	120V / 60Hz
Power Consumption:	1.8kW
Motor:	AC Brushless
Motor Output:	12.5A
Weight:	17.6kg
Max Pressure:	2,170psi
Water Flow:	1.2gpm
Hose Length:	19'
Power Cord Length:	16'

ELECTRIC PRESSURE WASHERS

RE 110 PRESSURE WASHER

The STIHL RE 110 PLUS is our most powerful corded electric pressure washer, offering 2,000psi operating pressure for efficient cleaning of decks, driveways, and more. It features a built-in pressurized hose reel for easy 23 feet hose management and storage, unlike standard reels. This compact and lightweight unit includes adjustable flat-jet and rotary nozzles coupled with a detergent sprayer for diverse tasks. Its brushless motor conserves energy by shutting off when the wand is released, making it ideal for home, garden, and vehicle cleaning.

TECHNICAL DETAILS

Power Source:	Electric
Voltage:	120V / 60Hz
Power Consumption:	1.7kW
Motor:	AC Brushless
Motor Output:	12.5A
Weight:	19kg
Max Pressure:	2,530psi
Water Flow:	1.2gpm
Hose Length:	23'
Power Cord Length:	16'

RM 253.3 T LAWN MOWER

The STIHL RM 253 T is a gasoline lawn mower ideal for home gardeners with small to medium-sized lawns (up to 1800m²). This single-speed mower features an easy-start EVC 205 engine. The mower is built with a durable steel deck and offers a 51cm cutting width with a single-point height adjustment from 20mm to 100mm. For added convenience, the comfort mono-handlebar is height-adjustable and folds for compact storage. It also provides easy access to the grass catcher box, which has a fill-level indicator to let you know when it's full and is designed for quick, easy emptying.

TECHNICAL DETAILS

Power source: Gasoline

Engine:	4-Mix
Displacement:	127cm ³
Power Output:	3hp
Motor Type:	EVC 205.0
Weight:	34kg
Cutting Width:	51cm
Cutting Height:	20mm - 100mm
Grass Catcher Box:	55L
Max Lawn Area:	1,800m ²

RM 253.3 LAWN MOWER

The STIHL RM 253.3 is a gasoline lawn mower ideal for home gardeners with small to medium-sized lawns (up to 1800m²). This single-speed mower features an easy-start EVC 205 engine. The mower is built with a durable sheet steel deck and offers a 51cm cutting width with a single-point height adjustment from 20mm to 100mm. For added convenience, the comfort mono-handlebar is height-adjustable and folds for compact storage. It also provides easy access to the grass catcher box, which has a fill-level indicator to let you know when it's full and is designed for quick, easy emptying.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	127cm ³
Power Output:	3hp
Motor Type:	EVC 205.0
Weight:	34kg
Cutting Width:	51cm
Cutting Height:	20mm - 100mm
Grass Catcher Box:	55L
Max Lawn Area:	1,800m ²

BATTERY-POWERED LAWN MOWER

RMA 510 LAWN MOWER

The STIHL RMA 510 battery-powered lawn mower delivers the power of a gasoline mower without the hassle of gas. This battery-powered model offers instant starting, less noise, and zero emissions, making it ideal for small to medium sized suburban yards. It features a 21" steel mowing deck to cover more ground faster, along with a storage slot for a second battery to extend run time. The STIHL RMA 510 battery-powered lawn mower also includes an adjustable handlebar, a grass catcher, and large rear wheels for navigating rough terrain.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AP System
Voltage:	36V
Weight:	27kg
Deck Width:	53.3cm
Cutting Width:	50.8cm
Cutting Height:	1.4" - 3.5"
Grass Catcher Capacity:	75L
Area Mowed:	277m ²

RT 4097.1 SX RIDE-ON MOWER

The STIHL RT 4097.1 SX is a compact ride-on mower with side discharge, ideal for lawns up to 6000m². It's perfect for less formal lawns where grass collection isn't needed, as the deck efficiently distributes clippings as you mow. The single pedal drive and hand lever make it highly manoeuvrable, allowing for easy direction changes even in confined gardens. For a comfortable experience, the STIHL RT 4097.1 SX ride-on mower features a low step, ample legroom, and a tool-free adjustable seat. Mowing deck blades are easily engaged and disengaged with a simple switch on the control panel.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	452cm ³
Power Output:	773kW
Motor Type:	EVC 4000.1
Weight:	197kg
Cutting Width:	95cm
Cutting Height:	35mm - 90mm
Area Mowed:	6,000m ²

RT 4112.1 SZ RIDE-ON MOWER

The STIHL RT 4112.1 SZ side-discharge ride-on mower is designed for maintaining very large areas up to 8,000m². With a wide 110cm synchronized cutting deck and an electromagnetic blade clutch, it provides a consistent, high-quality cut and efficient grass transport. The cutting deck's dividers help capture grass at the edges for precise results. Powered by a STIHL EVC 7000 engine, its single-pedal hydrostatic drive allows for smooth, precise speed control and easy switching between forward and reverse, while the adjustable suspension seat ensures a comfortable ride for any user.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	635cm ³
Power Output:	850kW
Motor Type:	EVC 7000
Weight:	221kg
Cutting Width:	110cm
Cutting Height:	35mm - 90mm
Area Mowed:	8,000m ²

GR 40 GENERATOR

The STIHL GR 40 is a powerful and reliable gasoline generator, perfect for home backup power or generating electricity in remote locations. Mounted on a durable tubular steel frame, this compact generator is easy to transport. It provides a steady 2.5kW of power through two outlets, with an Automatic Voltage Regulator (AVR) ensuring a constant voltage regardless of the load. The user-friendly control panel and digital display make operation simple, showing current hours, total hours, frequency, and voltage.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Voltage:	220V
Displacement:	224cm ³
Power Output:	3.7hp
Weight:	38kg
Cylinder Capacity:	224cm ³
Tank Capacity:	15L
Device Height:	47cm
Device Width:	43cm

GR 60 GENERATOR

The STIHL GR 60 is a powerful, durable generator designed for demanding domestic and professional use. Delivering 5.0kW of continuous power via single- and three-phase outlets, it features Automatic Voltage Regulation (AVR) for constant voltage and a 25-litre tank for extended operation. Built on a robust steel frame with a foldable handle and large wheels, it offers easy transport and reliable backup power for any location.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Voltage:	220V
Displacement:	340cm ³
Power Output:	6.7hp
Weight:	72.5kg
Cylinder Capacity:	340cm ³
Tank Capacity:	25L
Device Height:	55cm
Device Width:	55cm

WP 230 WATER PUMP

The STIHL WP 230 is a lightweight, one-person gasoline driven water pump ideal for a wide range of tasks, from irrigating crops with freshwater from lakes or rivers to pumping out unwanted water accumulations. This high-performance pump has a maximum flow capacity of 15m³/h, a suction height of up to 8m, and a total conveying height of 27m. The 2-stroke gasoline engine features a manual fuel pump for easier starting, while its robust frame provides stability and engine protection. Hoses connect easily with 1.5" connections, and an intake basket protects the pump from debris.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	40.2cm ³
Power Output:	2.1hp
Weight:	11.3kg
Hose Connections:	1.5"
Fuel Tank Capacity:	0.8L
Max Flow Rate:	250L/min
Max Suction Lift:	8m
Max Pressure:	27m

WP 300 WATER PUMP

The STIHL WP 300 is a versatile water pump designed for private and construction use. It features a powerful 4-stroke gasoline engine and a 2" hose connection, delivering water volumes of up to 37m³/h. The integrated suction basket protects the pump from dirt, while a robust frame ensures stability and guards the engine against accidental damage. With its durable STIHL engine, the STIHL WP 300 water pump is both easy to start and reliable.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	212cm ³
Power Output:	6hp
Weight:	26kg
Hose Connections:	2"
Fuel Tank Capacity:	3.6L
Max Flow Rate:	615L/min
Max Suction Lift:	7m
Max Pressure:	33m

WP 600 WATER PUMP

The STIHL WP 600 is a powerful and reliable water pump ideal for agricultural use. Powered by a 4-stroke gasoline engine, it's easy to start, even when cold, by using the choke. Its self-priming design and stable frame allow for secure placement on various surfaces, while the integrated suction strainer protects the pump from dirt and particles up to 6mm. Hoses with 3" connections can be easily attached. The robust frame also protects the engine from damage.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Displacement:	212cm ³
Power Output:	6hp
Weight:	29kg
Hose Connections:	3"
Fuel Tank Capacity:	3.6L
Max Flow Rate:	1,050L/min
Max Suction Lift:	7m
Max Pressure:	33m

BT 131 EARTH AUGER

The professional-grade STIHL BT 131 earth auger is a high-performance, lightweight tool ideal for a range of tasks, including post-hole digging, fence installation, and large planting projects. It features a powerful, fuel-efficient engine and a larger fuel tank, allowing for longer operation between refuels.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	36.3cm ³
Power Output:	1.9hp
Weight:	10kg
Drilling Gear Speed:	200rpm
Fuel Capacity:	0.7L

BT 230 EARTH AUGER

The STIHL BT 230 is a professional-grade, gasoline driven earth auger perfect for a variety of tasks, from planting and setting posts to taking soil samples. It's powered by a high-performance engine that can drill holes up to 250mm in diameter, even in stony soil, thanks to its sharp drill tips and cutting blades. For easy use, it features a manual fuel pump that simplifies starting, especially after long periods of inactivity. All engine controls are conveniently located on a single-handed multifunction handle, giving you a secure grip and complete control.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	40.2cm ³
Power Output:	2.1hp
Weight:	10.9kg
Drilling Gear Speed:	250rpm
Fuel Capacity:	0.53L

BT 360 EARTH AUGER

The STIHL BT 360 earth auger is a robust, professional two-man earth auger. Powered by a 2.9kW high-torque engine, it handles everything from digging holes to taking soil samples. The unit includes STIHL ElastoStart for easier starting, a start lock, a reverse rotation lock, and a long-life air filter system. For enhanced safety, a second stop switch is provided for the second operator. The tool features a sturdy, fold-out frame with a plastic handle.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	2-Mix
Displacement:	60.3cm ³
Power Output:	3.9hp
Weight:	28.8kg
Spindle Speed:	50rpm
Fuel Capacity:	0.53L

MH 610 TILLER

The STIHL MH 610 is a durable, gasoline driven power tiller designed to break up dense soil in large agricultural and horticultural areas. Powered by a high-torque STIHL EHC engine, the tiller features two forward gears and one reverse gear for effortless manoeuvring. The bar is tool-free and adjustable for individual comfort, with a convenient throttle lever for easy speed control. It also features a folding bar and fold-up transport wheels for simple transport and compact storage.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Motor Type:	EHC 600.0
Displacement:	212cm ³
Power Output:	6hp
Weight:	6.1kg
Cultivating Width:	78cm
Fuel Capacity:	3.5L
Drive:	Self propelled 2 forward/ 1 reverse

MH 710 TILLER

The STIHL MH 710 is a high-performance tiller built for intensive ground work on large fields and plantations. With its powerful engine and reinforced components, this machine handles demanding jobs and challenging terrain, while its worm gear unit ensures minimal vibration during operation. For ergonomic control, the STIHL MH 710 tiller features an easily adjustable handlebar, two forward gears, and a reverse gear, which, combined with intelligent weight distribution, allows for effortless guidance.

TECHNICAL DETAILS

Power Source:	Gasoline
Engine:	4-Mix
Motor Type:	EHC 700
Displacement:	252cm ³
Power Output:	7.1hp
Weight:	102kg
Cultivating Width:	97cm
Fuel Capacity:	4L
Drive:	Self propelled 2 forward/ 1 reverse

TS 420 CUTQUIK® CUT-OFF MACHINE

The STIHL TS 420 is a highly popular Cutquik® cut-off machine. Its compact, lightweight, and reliable design makes it a favourite among professionals who depend on its consistent, all-day performance. The STIHL TS 420 includes an advanced X2 air filtration system. This system ensures a clean-running engine and provides a virtually maintenance-free filter life.

TECHNICAL DETAILS

Power Source: Gasoline

Engine: 2-Mix

Displacement: 66.7cm³

Power Output: 4.4hp

Weight: 9.6kg

Max Cutting Depth: 12.4cm

Max Spindle Speed: 5,350rpm

Fuel Capacity: 0.7L

TS 910i CUTQUIK® CUT-OFF MACHINE

The TS 910i cut-off machine is the most powerful gasoline cut-off machine from STIHL, offering the best in class power-to-weight ratio. Designed for professionals working in civil engineering, construction and landscaping, it's capable of taking on demanding tasks such as cutting structural steel, concrete, asphalt or pipes. The cut-off machine comes as standard with a powerful 16"/400 mm composite resin cutting wheel which has a very good cutting performance. However, we recommend fitting the TS 910i with a D-SB90 diamond cutting wheel for longer and more intensive jobs.

TECHNICAL DETAILS

Power Source: Gasoline

Engine: 2-Mix

Displacement: 66.7cm³

Power Output: 8.4hp

Weight: 12.9kg

Max Cutting Depth: 14.5cm

Max Spindle Speed: 5,350rpm

Fuel Capacity: 0.7L

BATTERY-POWERED CUTQUIK® CUT-OFF MACHINE

TSA 230 CUTQUIK® CUT-OFF MACHINE

The STIHL TSA 230 battery-powered Cutquik® cut-off machine is the world's first commercial-grade, lithium-ion cut-off machine and is designed for fast, efficient performance. This lightweight and compact machine offers instant starts and excellent manoeuvrability, changing the game for jobsite productivity. It features an onboard water control for dust suppression and a toolless wheel lock for easy wheel changes. Because it is battery-powered, there are no air filters to maintain. The STIHL TSA 230 Cutquik® cut-off machine offers exceptional value, priced below its gasoline-powered counterparts, and represents a groundbreaking innovation in quality engineering.

TECHNICAL DETAILS

Power Source:	Battery
Battery System:	AP System
Voltage:	36V
Power Output:	1.7hp
Weight:	3.9kg
Max Cutting Depth:	6.9cm
Cutting Wheel:	230mm
Run Time:	22mins

KM 85 R MULTI-TOOL

Get maximum versatility with the STIHL KombiSystem. The powerful KombiEngine has a quick-release coupling, making it simple to switch tools, pack up, and store. Its comfortable loop handle is perfect for use with any KombiTool, allowing you to effortlessly transform your machine into a pole pruner, chainsaw, cultivator, blower, brushcutter, hedge trimmer, or edger. This one system lets you do it all.

CONSTRUCTION UNIT ACCESSORIES

WATER CONTAINER FOR TS CART (TS 420, 800)

Mobile water supply for cut-off
saws when using the cart.

PLANTING AUGER BIT FOR BT 120, 121, 130, 131

Special drill for drilling cylindrical
shaped bore holes for plants.

CART FOR TS 420 / TS 800

For exact edges over long
cuts with depth accurate to
the millimetre. Simple tool-free
assembly and makes cut-off
saws even easier to use.

ABRASIVE CUTTING WHEEL

Composite resin abrasive wheels
for cutting stone, asphalt, steel,
and concrete.

9" TSA 230
14" TS 400 / 420
16" TSA 800

EARTH AUGER BITS FOR BT 120, 121, 130, 131

Bits for all ground types.

Available sizes:
120mm / 5"
150mm / 6"
200mm / 8"

DIAMOND CUT-OFF WHEEL

Diamond abrasive wheels for
cutting stone, asphalt, steel, and
concrete.

TILLER ACCESSORIES

EARTH AUGER BITS FOR BT 360

Bits for all ground types.

Available sizes:
150mm / 6"
200mm / 8"
250mm / 10"
280mm / 11"
350mm / 14"

BRISTLE BRUSH

Removes dirt from paved areas
or uneven natural stone surfaces.
Working width 60cm

BOLO TINE (TILLER)

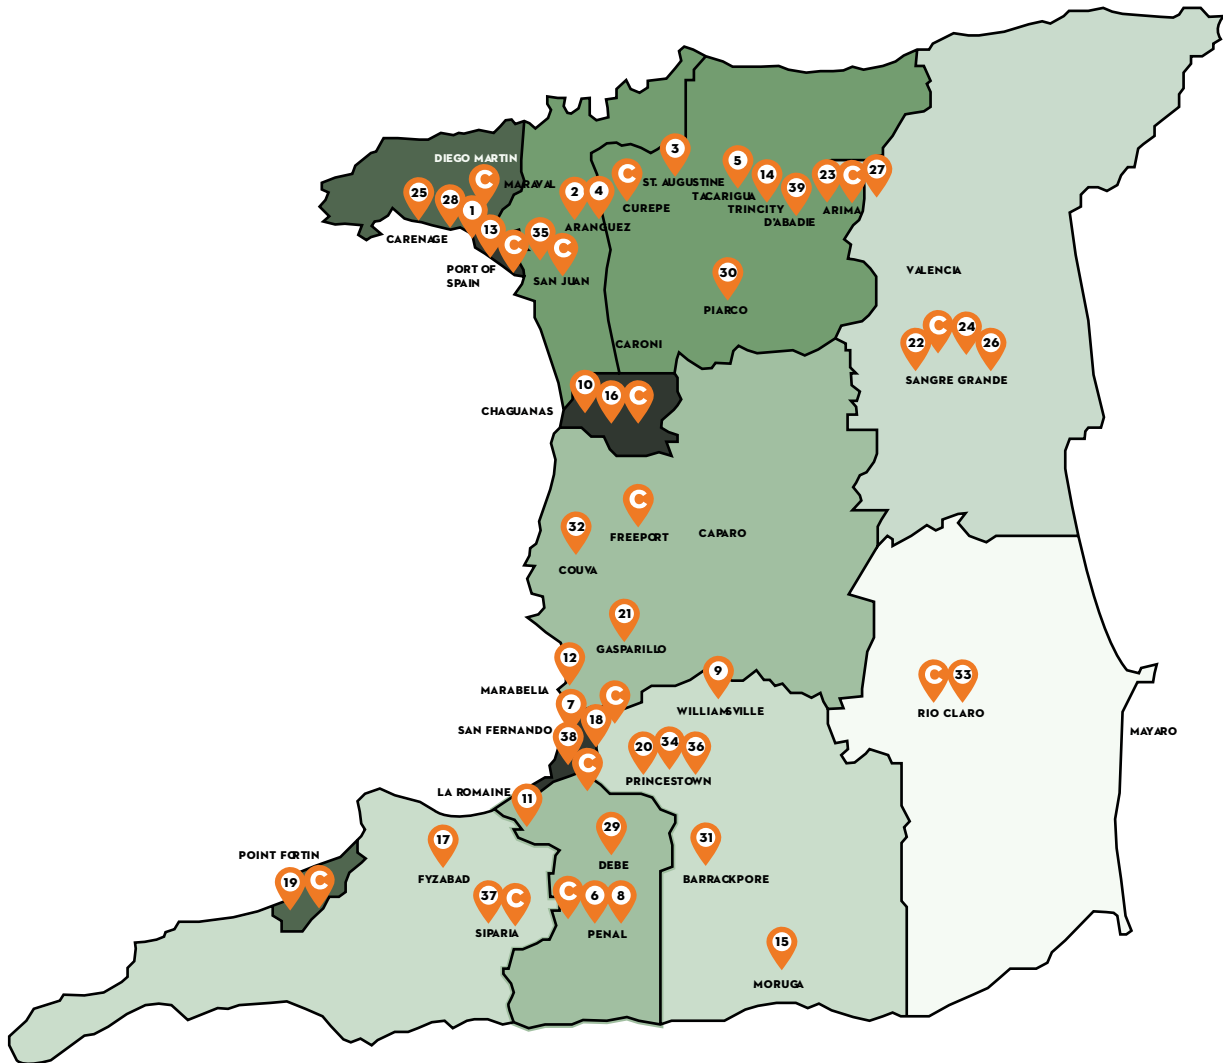

Ideal for precision work. Spreads
sandy soils and crumbles large
sods of earth.
Working width 22cm

PICK TINE (TILLER)

Breaks up heavy, loamy soils. Ideal
for recultivating and loosening the
soil.
Working width 22cm

*For MM 56 Only
